## MANITOBA VISIT

Learning at ACE Career College means joining a supportive community which offers quality education. We designed programs that are flexible, affordable, career changing and truly enriching individuals. The college is a designated learning institution for the provinces of Alberta, Saskatchewan, and Manitoba.

The staff and a student volunteer recently conducted informational meetings in Manitoba. The main purpose of which is to let the attendees discover the benefits of attending the college. We thank everyone who joined. The visit to Manitoba was also a great opportunity to touch base with one of the college's shareholders, Mr. Juancho and Ms. Maria Las.
